

Jolly

18.130-A

I carrelli Jolly sono progettati e costruiti per l'impiego nel settore medico. Le doti di praticità, maneggevolezza e versatilità rendono questi carrelli un valido strumento di lavoro per molteplici finalità operative.

Jolly trolleys are designed and manufactured for use in medical sector. Their viability, handiness and versatility features make them an effective work tool for a plurality of operative purposes.

CARATTERISTICHE COSTRUTTIVE

- Base in acciaio con piano dotato di bordi perimetrali di contenimento.
- Ruote gemellate Ø mm. 65 supporto in poliammide, fascia in gomma sintetica, quelle anteriori sono complete di freno direzionale.
- Montante posteriore in alluminio anodizzato sezione mm. 80x40.
- Piani in lamiera di acciaio stampata, senza bordi, regolabili in altezza.
- Verniciatura con polveri epossidiche, colore grigio RAL 7035.

CONSTRUCTION CHARACTERISTICS

- Base made of steel with a shelf provided with restraint borders around the perimeter.
- 65 mm Ø twinned wheels with a support made of polyamide, strip made of synthetic rubber, front wheels being complete with directional brake.
- Rear upright made of 80x40 mm anodised aluminium section.
- Shelves made of pressed steel sheet, without borders, adjustable in height.
- Painting with epoxy powders, colour grey RAL 7035.

PIANO SUPPLEMENTARE
ADDITIONAL SHELF

CESTO IN FILO
